Why do we need a Trust Meeting?

The Trustee Advisory Committee (TAC) wants to make a cash distribution to the Trust Beneficiaries. We need to hold the meeting because the Direct Benefits Trust Deed states that the Trustee cannot distribute any funds until after the first Trust Meeting. This meeting is important to make those payments.

At the meeting, FAS will also present a Distribution Policy.

Do I need to attend?

Yes. You should attend whether you are a member of Wangkatja Tjungula Aboriginal Corporation (**WTAC**) who has already been onboarded as a Beneficiary of the Trust or are still awaiting onboarding.

Under the Trust Deed, at least 5% of people on the Register of Beneficiaries must be present for a Trust Meeting to proceed. In addition, a majority of WTAC Directors must also attend to formally represent WTAC.

Your attendance is therefore important to help ensure the meeting is valid, and the Trust can proceed with a distribution of funds.

An attendance fee of \$450 per beneficiary will be paid to those who attend the meeting.

To be eligible for payment, you must register your attendance on the day.

Payments will be made within two working days following the meeting. If you are a WTAC member who has not yet been onboarded as a Beneficiary of the Trust, your attendance fee will be paid once your onboarding has been completed.
